

INTERACTION WITH INDUSTRY EXPERT

On 22-August-2023, Tuesday, Department of Computer Science and Engineering conducted an “Interaction with Industry Expert”. This Session is organized by Department of CSE in association with Techsim+ Pvt. Ltd. Mr. Prateek Mishra, MD, Techsim+ Pvt. Ltd. Bhopal interacted with the students of CSE, NIIST and gave lots of information regarding the current scenario, industry demands, and how the student will prepare themselves for the industry. These kinds of sessions play a significant role in their life. These activities improve student’s interpersonal, communication, and teamwork skills. It proves to be a productive session relating to industry contacts. The benefits of these engagement sessions for students are numerous since they provide them with the chance to communicate and connect with businesses in the real world. Industry professionals are capable of helping students identify their inclinations towards various sectors, so they can choose among testing, development, operations, IT, HR, and more as their future fields of employment. Such educational seminars are an invaluable chance that students should never pass up, as they will have a significant impact on the direction of their professional careers.
