GUEST LECTURE

ON

STOCK MARKETTING

The Department of Commerce organized one day guest lecture on the topic “Stock Marketing” on 23rd August 2014. The importance of Stock Market is growing day by day and students should know the importance. So the department realized that there should be an awareness made among them that how investments are made. As there are two leading stock exchanges in India, National Stock Exchange and Bombay Stock Exchange and not only India having these it also have International Exchanges so the students must know the importance and how investments are made in the listed company. In this guest lecture students were given knowledge about Security Exchange Board of India (SEBI) guidelines and RBI. So the guest lecture was made successful and student showed their interest it.
