ABOUT THE COLLEGE

NRI group of Institutions was founded by Mr. D. Subodh Singh and the technocrats of India in the year 2000. It is run by Taramathi Education Society formed by NRIs based in the USA and highly qualified technocrats in India. NRI group of institutions is a leading group of educational institutions of India which is providing professional degrees in engineering, pharmacy, management, education, law, paramedical sciences and degree courses since 17 years. The institute caters over 5000+ students, studying across 100 acres of high-tech campus. The institute nurtures students coming from all walks of the society to experience quality and equal education. The college is sensitive to individual, racial and ethnic differences and seeks students and personnel from diverse cultural backgrounds. Our institute believes in providing the best of Indian Education system with a blend of educational techniques of the USA. The group's mission is to build the tomorrow of Indian Society by nurturing the career and lives of our students. Our prestigious group is dedicated for providing quality education and it focuses on over-all development of the student. Our agenda is to prepare our students to make a difference in the society and world by being the best in whatever field they choose.

ABOUT THE CITY

Bhopal, well known as City of lakes, is the capital of Madhya Pradesh. Founded by Raja Bhoj, the city has many natural and artificial lakes and it is one of the greenest cities in the country. Bhopal has retained its old world charm despite industrialization, with the old part of the city being full of narrow alleyways and crammed markets, while the new part of the city is better planned and is full of parks and gardens. Bhopal city is well connected through Airways, Railways, and Roadways with almost each and every place of India. Major tourist attractions like: Bhojpur temple, Sanchi Stupa, Bhimbetka, Taj-ul-mosque.

ABOUT THE SEMINAR

This seminar will provide an opportunity to all the stakeholders to share the status, trends, practices, research and innovations in the field of Information and Communication Technology (ICT) in education. The seminar includes key note address, panel discussion and presentation by various experts.

OBJECTIVES OF THE SEMINAR

The specific objectives of the seminar are to:

- Showcase the innovative best practices of ICT integration in education
- Explore sustainable partnership possibilities for technology integration in education.
- Discuss the challenges for integrating ICT in education.
- Explore the implications of ICT trends on instructional designing and pedagogical practices.
- Review the research on ICT integration in education.
